

LAND PLANNING & VALUE UNLOCKING

Barkat & Co. provides expert land planning and value unlocking advisory, leveraging zoning optimization, highest-and-best-use analysis, and strategic monetization to maximize real estate asset valuation.

CORE SERVICES & SCOPE OF WORK

Our professional advisory services encompass a complete spectrum of regulatory and planning offerings:

- **Zoning & Land Use Optimization:** Analyzing municipal master plans, sectoral zones, and change of land use (CLU) potentials.
- **Highest-and-Best-Use Analysis:** Evaluating commercial, industrial, residential, or mixed-use financial yields to determine optimal development strategies.
- **Monetization & Joint Venture Structuring:** Advising on outright sales, joint development agreements (JDAs), and land collaboration models.
- **Statutory Liaison & Approvals:** Coordinating with urban planning authorities to clear land titles and regulatory hurdles.

KEY BENEFITS FOR ENTERPRISES

ADVANTAGE	OPERATIONAL IMPACT
Maximized Valuation	Significantly enhances land asset worth by unlocking dormant development potential.
Strategic Monetization	Identifies the most lucrative exit or joint venture structures for landowners and investors.
Regulatory Clearance	Ensures all planning proposals comply with local municipal and state development board guidelines.

APPLICATION & ADVISORY PROCESS

- **Title & Site Audit:** Reviewing land deeds, ownership chains, and physical site constraints.
- **Market Feasibility:** Assessing regional demand for commercial, industrial, or residential projects.
- **Master Planning:** Drafting optimal architectural layout and zoning adjustment proposals.
- **Execution Support:** Structuring monetization agreements and securing planning permissions.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. What is land value unlocking?

The process of reorganizing, rezoning, or strategically developing underutilized land assets to dramatically increase their commercial value and liquidity.

2. How does highest-and-best-use analysis help landowners?

It identifies the legally permissible, physically possible, and financially profitable use that yields the highest present land value.
