

CONSENT TO ESTABLISH (CTE) HSPCB

Barkat & Co. expertly manages your Consent to Establish (CTE) lifecycle under the Water and Air Acts, ensuring full regulatory compliance before setting up your industrial unit across Haryana.

CORE SERVICES & SCOPE OF WORK

Our professional advisory services encompass a complete spectrum of regulatory and planning offerings:

- **Category Assessment & Applicability:** Analyzing industrial processes to map under Red, Orange, Green, or White categories as per HSPCB guidelines.
- **Site Plan & Layout Verification:** Reviewing plant layouts, pollution control system designs (ETP, APCD), and land ownership records.
- **Online Portal Documentation:** Filing applications on the OCMMS portal with verified CA certificates, capital investment details, and project reports.
- **Statutory Fee Computation:** Calculating accurate consent fees based on capital investment slabs to prevent application rejections.
- **Departmental Coordination:** Liaising with HSPCB officials for smooth technical scrutiny and timely issuance of the CTE certificate.

KEY BENEFITS FOR ENTERPRISES

ADVANTAGE	OPERATIONAL IMPACT
Legal Protection	Ensures complete statutory authorization before civil construction or machinery installation begins.
Seamless Transition	Lays a robust compliance foundation required for obtaining subsequent Consent to Operate (CTO).
Expert Accuracy	Eliminates documentation flaws and avoids costly project delays or red-tagging by pollution boards.

APPLICATION & ADVISORY PROCESS

- **Initial Assessment:** Reviewing raw materials, manufacturing capacity, and anticipated pollution load.
- **Dossier Preparation:** Compiling CA capital investment certificates, water balance charts, and layout blueprints.
- **Online Submission:** Filing the CTE application via the HSPCB OCMMS portal and paying applicable fees.
- **Scrutiny & Issuance:** Handling board queries and securing the official CTE certificate.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. What is Consent to Establish (CTE)?

A mandatory environmental clearance required from HSPCB before establishing any industrial, manufacturing, or commercial unit that generates pollution.

2. Is prior CTE mandatory before starting construction?

Yes, operating or even initiating construction without a valid CTE attracts severe penalties, legal notices, and mandatory closure orders under environmental laws.
