

CONSENT TO OPERATE (CTO) HSPCB

Barkat & Co. facilitates seamless procurement of Consent to Operate (CTO) under the Water and Air Acts, certifying that your completed facility meets all environmental emission standards.

CORE SERVICES & SCOPE OF WORK

Our professional advisory services encompass a complete spectrum of regulatory and planning offerings:

- **Plant Readiness Verification:** Inspecting installed Effluent Treatment Plants (ETP), Air Pollution Control Devices (APCD), and acoustic enclosures.
- **Water Balance & Stack Analysis:** Preparing precise documentation on daily water consumption, wastewater discharge, and stack emissions.
- **Compliance Documentation:** Compiling CA-attested balance sheets, local municipal occupation certificates, and hazardous waste details.
- **Online Filing & Tracking:** Submitting the CTO application through the OCMMS portal and tracking processing stages against target timelines.
- **Renewal Management:** Managing timely advance filings for CTO renewals to ensure uninterrupted commercial operations.

KEY BENEFITS FOR ENTERPRISES

ADVANTAGE	OPERATIONAL IMPACT
Uninterrupted Operations	Protects your factory against sudden shutdown notices and legal liabilities under pollution control laws.
Environmental Credibility	Demonstrates corporate responsibility and strict adherence to state ecological standards.
Faster Clearances	Streamlines subsequent government licenses and commercial expansions through verified compliance.

APPLICATION & ADVISORY PROCESS

- **Site Inspection & Audit:** Verifying installed pollution control machinery against approved CTE parameters.
- **Dossier Compilation:** Assembling waste management authorizations, analysis reports, and compliance certificates.
- **Portal Filing:** Submitting the CTO application online with accurate fee calculations.
- **Board Coordination:** Facilitating official inspections and securing the final CTO certificate.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. When should an industry apply for CTO?

An industry must apply and secure CTO before commencing commercial production or trial runs after completing plant setup.

2. What is the typical validity of a CTO certificate?

CTO validity typically ranges from 1 to 5 years depending on the industry pollution category (Red, Orange, Green) and requires timely renewal.
