

NHAI ENTRY AND EXIT PERMISSION (NOC)

Barkat & Co. expert manages National Highways Authority of India (NHAI) access permission workflows, securing legal entry and exit driveway approvals for roadside properties.

CORE SERVICES & SCOPE OF WORK

Our professional advisory services encompass a complete spectrum of regulatory and planning offerings:

- **Feasibility & Geometric Design:** Designing compliant acceleration/deceleration lanes and service road linkages as per NHAI norms.
- **Traffic Impact Assessment:** Evaluating vehicular movement, sight distances, and safety parameters for highway access.
- **Dossier & Drawing Preparation:** Compiling detailed engineering drawings, land ownership proofs, and utility shifting plans.
- **NHAI Portal & Regional Liaison:** Submitting applications through the online NHAI 'MoRTH/RO' portal and coordinating with regional officers.
- **Fee & Bank Guarantee Management:** Facilitating license fee payments, royalty deposits, and performance bank guarantees.

KEY BENEFITS FOR ENTERPRISES

ADVANTAGE	OPERATIONAL IMPACT
Legal Highway Access	Secures formal statutory permission for commercial, industrial, or fuel station highway linkages.
Accident Liability Reduction	Ensures scientifically engineered entry/exit ramps that prioritize road safety and compliance.
Unrestricted Commercial Operation	Prevents unauthorized ramp demolitions or sealing actions by highway authorities.

APPLICATION & ADVISORY PROCESS

- **Site & Geometry Survey:** Assessing highway stretch, speed limits, and property frontage.
- **Plan Engineering:** Drafting entry/exit access plans according to IRC and NHAI specifications.
- **Online Portal Filing:** Submitting proposal dossiers on the official NHAI access management portal.
- **Approval & Construction:** Securing NOC and overseeing compliant construction of acceleration lanes.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. Why is NHAI Entry/Exit Permission required?

Any commercial establishment, fuel station, warehouse, or industry abutting a National Highway requires formal access permission from NHAI to prevent traffic hazards.

2. What happens if access is built without NHAI permission?

Unauthorized access points are treated as encroachments and are liable to be summarily demolished or sealed by highway authorities with penalties.
