

AMI WAREHOUSING SUBSIDY SCHEME (NABARD / ISAM)

Under the Agricultural Marketing Infrastructure (AMI) sub-scheme of the Integrated Scheme for Agricultural Marketing (ISAM), NABARD provides back-ended capital investment subsidies to strengthen post-harvest storage, reduce food wastage, and establish efficient agricultural marketing channels across India.

QUANTUM OF ASSISTANCE & SUBSIDY STRUCTURE

PROJECT REGION / CATEGORY	SUBSIDY RATE	MAXIMUM SUBSIDY CEILING
North Eastern States, Sikkim, UTs & Hilly Areas	33.33%	Up to ₹133.20 Lakhs (Depending on project size/type)
Other Areas (General Beneficiaries)	25.00%	Standard project capital cost limits

ELIGIBLE PROJECT TYPES & ACTIVITIES

- Storage Infrastructure:** Construction of scientific godowns, silos, and warehousing units to enhance storage capacity and stabilize market prices.
- Marketing Infrastructure:** Development of wholesale markets, rural haats, and Gramin Agricultural Markets (GrAMs) for direct farmer-consumer connectivity.
- Value Addition Infrastructure:** Primary processing units including grading, sorting, standardization, and quality certification facilities.
- Eligible Beneficiaries:** Individual farmers, Farmer Producer Organizations (FPOs), private companies, cooperatives, and state agencies.

APPLICATION PROCESS & DISBURSEMENT WORKFLOW

Channeling: Applications must be submitted through designated financial institutions that coordinate directly with NABARD or NCDC for term loans and back-ended subsidy processing.

ROLE OF BARKAT & CO.

Barkat & Co. offers end-to-end advisory execution—assessing client eligibility, compiling comprehensive Detailed Project Reports (DPR), managing NABARD documentation, negotiating with lending institutions, and coordinating final subsidy disbursements.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. What is the AMI Warehousing Subsidy Scheme by NABARD?

A capital investment subsidy scheme (25% to 33.33%) designed to develop modern agricultural storage and marketing infrastructure in India under ISAM.

2. Who qualifies for the higher 33.33% subsidy rate?

Projects located in North-Eastern states, Sikkim, Union Territories, hilly regions, and designated tribal areas.

3. What types of infrastructure are eligible?

Scientific storage godowns, silos, GrAMs, wholesale markets, and primary processing units for grading and sorting.
