

CAPITAL SUBSIDY SCHEME UNDER HARYANA EV POLICY-2022

Introduced under the **Haryana Electric Vehicle Policy-2022**, this scheme promotes the manufacturing of electric vehicles (EVs), core EV components (such as batteries and fuel cells), and charging infrastructure by offering tiered capital investment subsidies based on enterprise scale.

QUANTUM OF ASSISTANCE & SUBSIDY TIERS

INDUSTRY SCALE / CATEGORY	SUBSIDY PERCENTAGE	MAXIMUM SUBSIDY CEILING
Micro Industry	25% of Fixed Capital Investment (FCI)	Up to ₹15 Lakhs
Small Industry	20% of Fixed Capital Investment (FCI)	Up to ₹40 Lakhs
Medium Industry	20% of Fixed Capital Investment (FCI)	Up to ₹50 Lakhs
Large Industry	10% of Fixed Capital Investment (FCI)	Up to ₹10 Crores
Mega / Ultra Mega Industry	20% of Fixed Capital Investment (FCI)	Up to ₹20 Crores
Circular Economy (e.g., Battery Recycling)	Up to 15% of FCI	Up to ₹1 Crore

ELIGIBLE SECTORS & KEY COMPLIANCE CRITERIA

- **Target Sectors:** Manufacturing of Electric Vehicles (EVs), battery electric vehicles, fuel cell electric vehicles, major components, and charging infrastructure.
- **Mandatory Registrations:** Udyam Registration Certificate (URC), Haryana Udyam Memorandum (HUM), and compliance with environmental norms.
- **Existing Unit Expansion:** Existing units must demonstrate an additional investment of at least 50% of their previous fixed capital investment to qualify.
- **Penalty for Misrepresentation:** Immediate refund of disbursed subsidies with 12% compound interest per annum plus legal action.

APPLICATION PROCESS & EXECUTION WORKFLOW

Filing Protocol: Applications must be submitted online via the web portal of the Directorate of Industries and Commerce, Haryana, within **three months** of commencing commercial production.

ROLE OF BARKAT & CO.

Barkat & Co. provides full operational support—evaluating capital investment eligibility, preparing technical DPRs, managing state portal submissions, and coordinating with the Department of Industries and Commerce for rapid subsidy sanction.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. What is the Capital Subsidy Scheme under the Haryana EV Policy?

A tiered capital subsidy scheme (ranging from 10% to 25% of FCI, capped between ₹15 Lakhs and ₹20 Crores) for manufacturing EVs, batteries, and charging stations.

2. When must enterprises apply for the subsidy?

Applications must be submitted online through the Haryana Industries portal within three months of starting commercial production.

3. What are the requirements for existing businesses?

Existing units must make an additional investment of at least 50% of their previous fixed capital investment and possess valid URC and HUM registrations.
