

STATE RENEWABLE ENERGY SCHEME (HEEP-2020)

Revised under the **Haryana Enterprises & Employment Policy-2020**, this scheme encourages MSMEs to adopt renewable energy-based applications (solar PV, solar thermal, biomass gasifiers, and biogas plants) to enhance energy efficiency and reduce fossil fuel dependency.

QUANTUM OF ASSISTANCE & SUBSIDY STRUCTURE

ASSISTANCE PARAMETER	INTEREST SUBSIDY RATE	MAXIMUM CEILING & DURATION
Term Loan Interest Subsidy (Solar PV, Solar Thermal, Biomass, Biogas)	5% interest subsidy on term loans	Up to ₹10.00 Lakhs per annum for 3 consecutive years
Penalty for False Claims	Full refund + 12% compound interest p.a.	Legal action & permanent exclusion from state incentives

ELIGIBLE CRITERIA & COMPLIANCE MANDATES

- **Target Beneficiaries:** Existing MSMEs in Haryana that have availed term loans for new renewable energy technology applications from recognized financial institutions.
- **Mandatory Registrations:** Valid Haryana Udhyaam Memorandum (HUM).
- **Operational Status:** Units must be in active commercial production, hold required NOC/CLU clearances, and avoid items on the state’s restrictive list. *Note: Second-hand machinery or replacement of existing technology is ineligible.*

APPLICATION PROCESS & FILING DEADLINES

Filing Protocol: Applications must be submitted online within **three months of the end of the financial year** for which the incentive is claimed, backed by physical verification of the installation by concerned officials.

ROLE OF BARKAT & CO.

Barkat & Co. provides complete execution support—auditing loan and installation documents, managing online portal filings, negotiating optimal interest subsidy terms with financial institutions, and securing timely disbursements.

FREQUENTLY ASKED QUESTIONS (FAQS)

1. What is the State Renewable Energy Scheme in Haryana?

An interest subsidy scheme providing 5% reimbursement on term loans (capped at ₹10 Lakhs/year for 3 years) for adopting renewable energy technologies.

2. Which technologies are supported?

Solar PV power generation, solar thermal applications, biomass gasifiers, biogas plants, and biomass-based boilers.

3. What is the application deadline?

Within three months from the end of the financial year for which the subsidy is claimed via the online portal.
