

WASTE MANAGEMENT SCHEME

Barkat & Co. guides enterprises through government Waste Management Schemes, securing up to 50% financial assistance for installing effluent treatment, recycling, and safe disposal infrastructure [cite: 89].

CORE SERVICES & SCOPE OF WORK

Our professional advisory services encompass a complete spectrum of regulatory and planning offerings:

- **Waste Audit & Classification:** Assessing solid, liquid, and hazardous waste generation volumes and treatment needs.
- **Infrastructure Grant Structuring:** Preparing project reports for effluent treatment plants (ETP), sewage treatment (STP), and recycling units.
- **Subsidy Application Filing:** Submitting formal claims under state and central environmental waste management schemes.
- **Compliance Coordination:** Liaising with state pollution control boards to verify plant setup and secure grants.

KEY BENEFITS FOR ENTERPRISES

ADVANTAGE	OPERATIONAL IMPACT
Capital Assistance	Secures up to 50% financial support on capital expenditure for waste management infrastructure [cite: 89].
Regulatory Immunity	Ensures strict compliance with environmental protection laws and zero-discharge mandates.
Cost Recovery	Transforms waste handling from a cost center into a subsidized, eco-friendly asset.

APPLICATION & ADVISORY PROCESS

- **Facility Assessment:** Inspecting plant waste output and proposed treatment technology.
- **Project Costing:** Compiling certified engineering estimates and equipment invoices.
- **Submission:** Filing subsidy dossiers with environmental promotion boards.
- **Grant Release:** Securing inspection sign-offs and fund disbursement.

FREQUENTLY ASKED QUESTIONS (FAQS)

- 1. What percentage of financial aid is available under the Waste Management Scheme?**
Eligible enterprises can receive up to 50% assistance on approved waste management projects [cite: 89].
- 2. Are effluent treatment plants covered under this scheme?**
Yes, ETPs, STPs, and recycling infrastructure fall directly under eligible waste management categories.
